	Wall: KS1000AWP (Architectural) <i>White Silver</i>

Case Study

FIREsafe™ **FIBREfree** **ECOsafe** **AQUAsafe**

Foodstuffs, Palmerston North

This project utilised Kingspan in two areas, the ELA / Coolroom area utilised our roofing panels (low temp specification), the same panel was also used as the roof on the office area.

The office also involved our architectural panels, these were fixed directly to the steel structure giving a high performance cladding solution.

Kingspan reserve the right to amend product specifications without prior notice. The information, technical details and fixings advice are given in good faith but are intended as a guide only. For further information please contact Kingspan Insulated Panels
